TUESDAY, DECEMBER 23, 1952 ON CHRISTMAS EVE

On Christmas Eve we do well the import of the Christmas story. It is one of those things that have become so familiar that we take for granted we knew their deepest meaning by heart. But perhaps we are mistaken. And, in any case, it is good to try to hear the message again as fresh, new, never before fully grasped.

work of miracles.

and the love of mother and father Wise men like the magi can find and thumb while hunting rabbits no deeper mystery. The future of mankind is wrapped up in the infant, for all to adore.

It was through the child Jesus, come to manhood, that God made himself manifest in a figure that has shed light on a dark world for 2,000 years. We have yet to learn to live in that light, it is true. But it is there for those who seek it-indeed it is all around us, whether we seek it or not or even recognize that it exists.

On Christmas Eve let us listen again for the angel chorus.

RANDOM OSCILLATION

Planes are getting harder to build, harder to mass-produce. The reason is simple —higher speeds.

Doubled speed may incur quadrupled stress and strain. It also entails higher temperatures, increased emphasis on stronger alloys and cooling arrangements.

These are some of the reasons why there have been so many false starts and delays in military plane production.

Whether Air Force gobbledegook is another reason may be debatable, but some of the language used to describe technical difficulties sounds like a technical

difficulty in its own right. Thus the Air Force, explaining why production of the F-89 Scorpion twin-jet interceptor has been halted, says: "At high speed . aeroelastic effects are now found to he imposed on the aircraft structure, particularly the fittings attaching the wings to the fuselage." This, says the Air Forcce causes "a unique and random

have been purchased by the South eastern Chapter, American Red Cross, and have been set up in the hospital wards of Valley Forge General Hospital, Coatesville Hospital and Philadelphia Naval Hospital, according to Mrs. Julius Sobel, chairman of the entertainment, instruction and supply service of the Chapter.

Last week the Bristol Junior Travel Club got together 15 pounds of cookies and 20 gifts for distribution at the Naval Hospital. The Chapter is now soliciting Christma gifts for hospitalized servicemen from local firms and individuals Money for this purpose does not comes from the general fund of the Red Cross, said Mrs. Sobel.

MERRY CHRISTMAS

POR many of us the Holiday season is also "inventory time." This is a happy coincidence. Because, when we come to count our assets . . . none is quite so valuable as the one that never appears on our books, but which is always written large in our hearts . . . the friendship and loyalty of those whom we are privileged to serve. To one and all of you we say most sincerely: "Thanks a million . . . and may the happiness of the season abide with you and yours throughout the New Year."

We're wishing you a merry Christmas and hoping your days be as free of trouble as his snow is of tracks.

There's no make-believe in our sincerest wishes to you. A most Merry Christmas and the happiest of Christmas joys. Our blessings to one and all.

Bids Show Clymer School

Continued from Page One the school, according to Clarence Young, school board secretary.

The proposed George Clymer school is a six - classroom elementary school, containing in addition to classrooms a multi-purpose room, teachers' room, clinic, offices, transformer vault and auxiliary rooms, including furnishing necessary equipment.

It is proposed to be built mainly with a Federal grant of \$276,775. To this grant the school district is to add \$39,225, for an estimated project cost of \$316,000.

In the letter from B. Alden Lillywhite, associate director for Federally affected areas of the Federal Security Agency the board is advised that if the construction contract is not awarded within 90 days of approval, the application for the federal grant will be rescinded. A provision allowing additional time "beyond the 90 days" as thereafter may be determined is included in the notice to the board.

According to Clarence Young, bids under this provision are supposed to be awarded by Dec. 26. However, said Young, he will ask for an extension of the 90-day period because it would be more in before the contracts are awarded.

Bids Show Clymer School

Continued from Page One the school, according to Clarence Young, school board secretary.

The proposed George Clymer school is a six - classroom elementary school, containing in addition to classrooms a multi-purpose room, teachers' room, clinic, offices, transformer vault and auxiliary rooms, including furnishing necessary equipment.

It is proposed to be built mainly with a Federal grant of \$276,775. To this grant the school district is to add \$39,225, for an estimated project cost of \$316,000.

In the letter from B. Alden Lillywhite, associate director for Federally affected areas of the Federal Security Agency the board is advised that if the construction contract is not awarded within 90 days of approval, the application for the federal grant will be rescinded. A provision allowing additional time 'beyond the 90 days" as thereafter may be determined is included in

the notice to the board. According to Clarence Young. olds under this provision are supposed to be awarded by Dec. 26. However, said Young, he will ask

Today's Quiet Moment submitted by The Rev. Edward G. Yeomans. Pastor,

Our Father, who art in heaven, hallowed be Thy name for there is none other name under heaven given among men whereby we must be saved. As we approach the Christmas season we pray especially for the youth of our great nation and for their families. Be with the young people who have left home and community to serve with the armed forces. Be with them wherever they may be. Amidst the choas and confusion of war may they experience the peace of God which passeth all understanding. Though they are away from home and loved ones may they know that we here at home are thinking of them and praying for them. May they be encouraged by our prayers. Keep them in Thy loving care, free from all harm and danger. And may it be Thy sovereign will to speedily return them to their homes and loved ones. We ask all things in Jesus' name. Amen.
